Please read the course descriptions in the High School Course Catalog for information regarding each of the classes you are interested in. Record your first and second choice for each period (periods 1-7) on the next page. Ensure you have met the prerequisites for the classes you enter in the boxes on the next page. We will register for classes in order of grade level and then in order of when the students reenrolled. Incoming seniors will

begin course selection the first week of May 2011. Students will need to bring their signed forms with them to the course selection time period for their grade level.

**Please list your first, second, and third choices for a schedule for next year.** Refer to the attached paper which shows which classes we plan to offer each period. Please note, while this is our plan, scheduling is subject to change if needed. This is a plan, not a promise.

Period #	1	2	3	4	5	6	7	Evenings (This would be a band class if you have a class here.)
First choice of class options								
Second choice of class options								
Third choice of class options								

Please note that it is possible that a particular class may be full or may not fit in your schedule. Please be prepared to have an alternate choice. When the students go through the course selection process, they will be given a tentative schedule. In the event changes need to be made on the master schedule, it is possible that their schedule may change, but we will do our best to keep the schedule as close to the original as possible. Final schedules will be given to the students in early August.

**In order to sign up for an AP class, you must also sign and include an AP Contract.**
