## VCS RADIO JAZZ

### **VCS RC Students to Create a Brand New Musical Score for GUMBY**

VCS Radio Jazz is set to create and perform an original musical score to two of Art Clokey's classic claymation films. His first film, Gumbasia and the original pilot film, Gumby on the Moon will be recorded LIVE with VCS Radio Jazz's new soundtrack to be included in [gumbyworld.com](http://gumbyworld.com), the official Gumby website. "We love to share how Gumby is inspiring the next generation of artists!" said Joan Rock-Clokey, head of the Creative and Marketing department of Premavision inc. and daughter-in-law of the late creator of the claymation icon.

Gumby has enjoyed another resurgence of international interest following the Google logo doodle in honor of Art Clokey's 90<sup>th</sup> birthday!

More information on this amazing project coming soon!
